to me

Hi Shelia-

It was a pleasure speaking with you this afternoon to learn more about the potential projects and future needs in the Village of Lincoln. I have attached information on programs and resources below.

- Community Pavilion- Potential good fit for the MEDC Public Spaces Community Places crowdfunding program <https://www.miplace.org/programs/public-spaces-community-places/>
- Blight ordinance zoning- I would recommend checking locally to see if/how the zoning ordinance addresses blight
- Façade Grants- The Community Development Block Grant may start opening up applications for façade grants in the next few months <https://www.miplace.org/493eae/globalassets/documents/cdbg/resources/funding-guide.pdf> (page 11)
- Future planning for Space X- Coordinate with Sara Healy and the efforts of the RRC program planning for future development
- Relocating village offices – The Rural Development Community Facilities Program may be able to assist with establishing new municipal offices <https://www.rd.usda.gov/programs-services/all-programs/community-facilities-programs> I believe the USDA -Rural Development office that is closest to you would be:

**West Branch Office**

240 W. Wright St.

West Branch, MI 48661

989-345-5470 Ext. 4

Feel free to call or email anytime if you have questions on the programs/resources mentioned

above. It was great to catch up on everything in Lincoln

Thanks,

**Lindsey Miller, EDFP**
