

President's
June 2023 Report

5/3 – Spoke with the Building Department, regarding old permits issued. Spoke with Nancy at the Register of Deeds regarding property boundaries for Electric Car Charging Stations. Spoke with Jim Dorr regarding the tank at the Methodist Church. Spoke with Debbie S. with the Beautification Committee.

5/9 DDA Meeting -

5/10 - Spoke with Eric at NEMCOG regarding the dollar amounts listed in the DDA Plan. They are guestimates to cover the costs of projects. They can be adjusted by public hearing once the plan has been adopted. He indicated that he was very generous with the figures. *Example: let's say the DDA decides to work on facades one year; the \$ indicated in that category does not change in the plan just because we use it one year. If in a few years the DDA decides to update the facades, the \$ amount under that category remains the same.*

5/10 - Spoke with Jason with regards to the Chevy Corp. offer for charging stations.

5/10 - Fair Board ARA Cleanup

5/14 - Community Sale

5/16 Planning Commission

5/16 Fair Board

5/20 Recycle Alcona - County Wide Cleanup

5/21 Recycle Alcona – assist with loading tires into semi for recycling.

5/24 - Meet with DDA (Joe, Dennis & Rich), Gary Graves, & Gary Bartow at Alcona Motors and discussed the sewer pipe problems.

5/27 - Lost Lake Woods Club Craft Sale, selling Fair Raffle Tickets.

6/4 – Spring into Summer Business Expo @ ARA

Additional Notes: The Brownfield testing crew was at the site building site of the VA and did their testing. No word from Craig Johnston yet.

I am working with folks from the USFS to see if there are any surplus park items that we could use at the pavilion. We may be able to get a conference table for our meeting room.

UPCOMING EVENTS

6/7 & 8 – Seal Flights of Imagination Playground (need additional volunteers to assist)

6/11 – Community Sale

Respectfully Submitted,
Sheila
