10/23 I have spoken with Missy Cordes @ Register of Deeds Office, looking for deeds to property owned by the Village at the Beach and along the east side of Lincoln Lake. Missy will be going through the records to provide them to me. The reason for the information is to ensure that we have accurate data in our Master Plan and Parks & Recreation Plans when we update them this year. Miss will be making the Village a copy of the deeds for future reference. She will call me when they are ready for pick up.

Spoke with Mrs. Jansen with regards to a Zoning notice she received from the Village. She was going to contact Marsha.

10/18 I had a question posed by Leonard Morang, with regards to the placement of a toddler play area on the septic field at the pavilion. Leonard was concerned that the children go be exposed to hazardous (ie medication) waste that may leach into the drain field and cause harm to the children. I spoke with Cory Upper, the Environmental Health Manager at the Health Department. The only time there would be an issue is if the drain field failed.

I spoke with Mr Wilkie. The one vehicle has been plated and is now drivable. Provided Marsha his information.
