Dear New Electric Customer:

Thank you for your request for electric service. In order to expedite your request and meet your schedule, we have deleloped the following list of items requiring action by you (Customer Responsibilities). These requirements must be met before we can install your service.

CUSTOM	ER RESPONSIBILITIES 1)	in your customer packet. If included, your service entrance equipment should be located at the spot indicated by an "X" as shown on the design document (Form 2804). Install the meter socket 3½ 5 feet above final grade of this location.
	Service Location:	Residential metering equipment furnished free of charge, owned and maintained by Consumers Energy includes: meters
2)	Meter Socket:	and one or two position self-contained meter sockets. Contact the company representative assigned to your notification for locations to pick-up the meter socket. For metering installations that require a three or more position self-contained meter socket, the customer will be required to purchase approved meter sockets from a distributor or supplier of their choice.
3)	Payment:	An invoice may be included in your customer packet. If included, the deposit amount on the invoice must be paid prior to installation of your service. Additional charges may apply and will be billed/or a refund issued upon completion of your service installation.
4)	Site Conditions:	The site must be within three (3) inches of final grade before we can install your service. If you have requested an underground service, you will need to clear a 12-foot wide path that is free of building materials, brush, trees, shrubs, etc, along the proposed service route to avoid delays. Our Forestry Department can provide this service for you at an additional charge. For overhead service, nominal line clearing will be provided at no charge. Any extensive line clearing may require additional charges. After your service is installed, we will backfill and place excavated earth over the trench. You are responsible for the final restoration and ensuring that the grading over the trench is at the required level.
5)	Staking:	To avoid damage, you must mark (stake) your existing private underground facilities such as: well, septic systems, sprinkler system, any underground wires, buried LPG tanks, piping, or other unusual buried facilities. These stakes must be apparent when we arrive to install the service. We cannot reimburse you for damage to facilities that are not properly staked. You do not need to stake the utilities' electric, gas or communication lines.
6)	Mobile Home or Temporary Service:	If you requested service to a mobile home or temporary electric service, you will be required to set your own pole or install a pipe for underground service in accordance with Consumers Energy specifications. Contact the Consumers Energy representative assigned to your notification for additional information.
7)	Construction Repair:	If additional line work is required to reach your location due to site conditions or other unusual circumstances, extra charges may be incurred.
